Pulled up before my eyes
From thick ties of blood
The picture of a sick head
Left in pain to rot
The connection that once was
I cut off every tie
His hands evoked disgust
His mouth only spoke in lies

Unavoidable confrontation
Indispensable disgrace
Approaching inner circle

Long lost memories come alive
The further down I go
One by one the pieces fit
The puzzle in my know
Oh how it hurts
Images I see
Now I faintly recall
What you once did to me

Unavoidable confrontation
Indispensable disgrace
Approaching inner circle

Come to me
Help me through the endless misery
Don't you leave me now

At the end of the rope
I venture to see
And everywhere I look
Angels watching me
At the end of the rope
I venture to see
And everywhere I look
Angels watching me

Approaching inner circle
The mystery's in sight
Approaching inner circle

With agony and fright
