VERSE:

I've had a world of possibilities slip through my hands
& pray'rs that went unanswered that I couldn't
understand
There's a faith that can move mountains but I never let
it move me
I only trusted things that I could see

PRECHORUS:

So much frustration & trying it alone
I've had the revelation I can't make it on my own

CHORUS:

Deep in my heart, deep in my soul
There was always somethin' missin'
Now You got my full attention
I give You my life, surrender control
O I fin'lly learned to listen to the call

TAG):

I give You my all
I give You my all yeah

VERSE:

There are moments in the journey where I wonder
where You are (where You are)
& sometimes I forget that You live inside my heart (live
in my heart)
It's there I hear You whisper "I've been here all along"
(here all along)
& I'm in the hands of mercy where I belong

PRECHORUS:

A silent conversation when You speak to me (You speak
to me)
Is the sweetest inspiration & all I'll ever need yeah (oh)

CHORUS + *DESCANT1:

Deep in my heart, deep in my soul
There was always somethin' missin'
Now You got my full attention
I give You my life, surrender control

O I fin'lly learned to listen to the call
