"Here To Deliver"

Visit "[Here To Deliver](#)" on MotoLyrics.com

Saw you standing on the corner of the street that turns
to doubt
What were you doing?
Does the running from the questions that you wear you
out
What are you proving?
You're searching and seeking
You're reaching, you're needing a Saviour

Call Me, I'll hear your cry
I'm as close as a prayer
And I'm here to deliever you
No need to ask Me twice
'Cause I'm here to deliver you

Is it true that you are everywhere but where you want to
be
Caught in the fire?
Are you looking for a a love that will finally set you free
Is that your desire?

Keep asking and seeking
You're knocking, you're needing a Saviour

Call Me, I'll hear your cry
I'm as close as a prayer
And I'm here to deliever you
Don't brag or plead
'Cause I'm here to deliver you
