Overjoyed

By Avalon

Overjoyed

I believe I found the secret everybody's looking for
I found the something that was missing, found my
something more

A love that's really real, the only love that's truly true

There's not a moment I don't want to be with You

Every night I find my way

Every day and every night

By the light of Your love

You're like nothing else

And I can't help myself

Whenever we're together

And my heart is Yours forever

I'm overjoyed over all You do

For always I'll be overjoyed over You

Trouble's gonna come and trouble's gonna go, I know
it's true

But for Your grace, where would I be in this crazy life

What does it matter, Lord, as long as I can run to You

You give me joy that I could never hide

You make me strong

You're the song in my soul

Lord, I know why I'm here

You make me whole

Now it's coming clear

I'm overjoyed over all You do

And my heart is Yours forever

Whenever we're together

For always I'll be overjoyed over You

Every night I find my way

Every day and every night

You're like nothing else

And I can't help myself

By the light of Your love
Whenever we're together
I'm overjoyed over all You do
And my heart is Yours forever
For always I'll be overjoyed over You

Yours forever
