We circle winter, spring and summer to fall
Spend a lifetime tryin' to make some sense of it all
Trip over questions raised by fallen men
As if there are solutions for the state we're in

In a picture perfect world, there would be no crime
In a picture perfect world, we'd be free
In a picture perfect world, we'd be colorblind
But it's all right, I know we'll be cared for
All right, a place is prepared for
All right, 'cause sooner or later we'll be
In the picture perfect world

Another summer, autumn, winter and spring
We grow accustomed to the nature of things
Do we chase the questions we can't figure out
And overlook what life is all about

In a picture perfect world, there would be no pain
In a picture perfect world, we'd believe
In a picture perfect world, love is not in vain
But it's all right, I know we'll be cared for
All right, a place is prepared for
All right, 'cause sooner or later we'll be
In the picture perfect world

We are here but a moment, then the moment's gone
So why spend precious time we can't afford, no, no
We have only one purpose before the curtain's drawn
So with all our lives, for the cause of Christ, we must
glorify the Lord

Spend a lifetime trying to make sense of it all
Oh, I want to go there
I wanna go
I'll take you there
I wanna go
I wanna go
I'll take you there
I wanna go there
I wanna go

I wanna go
We're gonna go there

In a picture perfect world, there will be no pain
In a picture perfect world, we'll be free
In the picture perfect world, love is not in vain
And it's all right, I know we'll be cared for
All right, a place is prepared for
All right, 'cause sooner or later we'll be

In the picture perfect world
In the picture perfect world
In the picture perfect world
We will be free
