I was a lady in red
That Saturday night
And her fire ignites
Under
The full moon light
In spite of a disâ'
It was lust at first sight
Asked you for the time it was wrong but it seemed right
Feelin' the buzz long after the bar
You come to my show tell me Iâ'm a star
Knowinâ' Iâ'm going and knowinâ' we shouldnâ't be
doing this tonight here
When logic says no mind and body says itâ's oh so
right

(Ooh)
So many sides to him
So many marks on the wrong side of the line
(Ohhh)
I canâ't resist him itâ's something about him I canâ't
push aside

Cause itâ's the
Right love at the wrong time
Guess weâ'll have to wait until the summertime
Cause itâ's the
Right love at the wrong time
Whyâ'd we have to meet each other in our prime
Cause itâ's the
Right love at the wrong time
Youâ're sure gonna be a fun tree to climb
But itâ's the
Right love at the wrong time
(ime)

So, you donâ't have a phone
You gotta punk of a tone
The tallest surfer I know
And your hairâ's over grown
You have (holes in your shoes)
(Youâ're always down to cruise)
Only make enough money to pay for our booze

Do you even realize you have stars in your eyes
Potential in diamonds to your wildest prize
So, baby, pick a skill and run for a run
Cause the sun's gonna rise and I just wanna have fun

(Ohhh)
So many sides to him
So much trouble just to make our lives intertwine
(Ohhh)
He's so persistent
There's something about him I can't leave behind
Cause it's the
Right love at the wrong time
Guess we'll have to wait until the summertime
Cause it's the
Right love at the wrong time
Why'd we have to meet each other in our prime
Cause it's the
Right love at the wrong time
You're sure gonna be a fun tree to climb
But it's the
Right love at the wrong time

I only want what you want so meet me on the up and up
and everything will be alright
(Alright)
Trust in me (trust in me and I will trust in you) and I will
trust in you because I do believe that this is worth
So much more
This distance is a temporary state
But the right love is always worth the wait

Tick tock tick tock tick tock
Around the clock
Can't get you out of my head no it won't stop
Tick tock tick tock tick tock it won't stop
It feels so good

Cause it's the
Right love at the wrong time
Guess we'll have to wait until the summertime
Cause it's the
Right love at the wrong time
Why'd we have to meet each other in our prime
Cause it's the
Right love at the wrong time
You're sure gonna be a fun tree to climb
But you're the
Right love at the wrong time
I me

Guess we'll have to wait until the summertime
Cause it's the
Right love at the wrong time
You're sure gonna be a fun tree to climb
But you're the
Right love at the wrong time
Why'd we have to meet each other in our prime
Cause it's the right love at the wrong time
