See the way he walks into the room and then he speaks  
So sweet every word from his lips is like honey  
I know he loves me  
Hear the way he sings and the way he strums his  
instrument  
The way he jams and the way he treats his family  
He's funny  
I know he loves me

Although our life's been super complicated  
Just play this song when you need a little lift  
Cause baby

I'm finally, I'm writing you this simple love song  
After how long, baby  
I'm finally, I'm writing you this simple love song  
Oh

I still can't get enough even though the times are rough  
And boy you know I trip a bit because you're not around  
But it's okay babe  
You gotta get it baby

I'm gonna hold it down for you  
I'm gonna scream it loud for you  
Focus on myself for you  
You know that I would die for you  
Baby  
I know it's crazy

Although our life's been super complicated  
Just play this song when you need a little lift  
Cause baby

I'm finally, I'm writing you this simple love song  
After how long, baby  
I'm finally, I'm writing you this simple love song  
Oh

It's funny how 4 chords can tell the truth in so many  
ways

Been feeling it for awhile but I never had the time  
Now I'm here to say

I'm finally, I'm writing you this simple love song  
Hey I said  
I'm finally, I'm writing you  
I said  
I'm finally, I'm writing you, oh  
Baby yeah  
I'm finally writing you a love song  
Baby yeah
