Hopin that it'd be okay,
Hoping that you would have stayed,
Now it'll never be the same, seeing you walk away,
Please stop, I need you here.
Cause it's tearin me apart.
Please stop, I need you here.

Is it too late to say I'm sorry,
Or is it time to say goodbye,
I would have never said forever,
Cause forever is only a lie.
The only place where you belong,
Is right here in my arms.
But you're breaking my heart.
And it's tearing me apart

I fed you lies baby,
But when did little white lies ever hurt.
I was only trying to protect you.
But you would never understand.
Please stop, I need you here,
Cause it's tearing me apart.
Please stop. I need you here.

Is it too late to say I'm sorry,
Or is it time to say goodbye,
I would have never said forever,
Cause forever is only a lie.
The only place where you belong,
Is right here in my arms.
But you're breaking my heart.
And it's tearing me apart

Know I deceived you (but baby girl it was for your own
good)
I'm done with the lying (from now on it's the truth)
Girl we can keep trying (but it can't be a one way)
All you gotta do. is forgive and forget

(Guitar solo)

Is it too late to say I'm sorry,

Or is it time to say goodbye,
I would have never said forever,
Cause forever is only a lie.
The only place where you belong,
Is right here in my arms.
But you're breaking my heart.
And it's tearing me apart
