So penniless for a dream
I hope I get by today
I want to get to the truth
And learn how to gray

So penniless for a dream
It's not living in St Tropez
But I wonder if what you wish for
Will fall into place

Du du du du du du dudu du dudu
Fall into Place

X4

I'm struggling just to see
Amount to better ways
What's possibly meant to be...
Was probably meant for me

It's never been on a plate
Well it's never been on a plate
So mother I hope that I ...
Will fall into place.
