June july you wasted  
Because you never left your home  
Decide to chase things  
You don't need to be alone  
Your bride she's waiting  
For you to walk into her life

Arise you're resting  
Arresting

So if you're willing just try  
So if you're will just try  
Because you're willing just try  
Because living just try

On your own  
It the only way (x2)  
That's the only way  
That's the only way  
You're the only way  
You're my only... wait

For now divided  
Put a step forward today  
You hide with caution  
If you don't want to be awake  
Your loved ones  
Are waiting for you to step into your life  
It's been tried and tested, contested.
