[Hook]

what can I say to you...  
If I'm feelin' you ?  
Yes, I thought it through...  
What do I gotta prove ?  
What do I gotta do ?  
Yes, I'm feeln' you...  
Yes, I'm feeln' you...  
Yes, I'm feeln' you...

[Verse 1]

I haven't feel like this since high school, it's like love's a  
drug  
It got me bugged, overdosin' everytime we hug  
And when your eyes lock on mine is magnetic  
I tell myself "Don't fall hard, you'll regret it"  
But when I touch your body I think I'm gonna die  
That's the reason why I can't even try  
This is too deep and I gotta remain focused  
It's difficult to deal with all of these strange emotions  
A goddess in disguise who fell from the skies  
Gorgeous eyes, I swear you gonna be my demise  
Maybe I'm pessimistic or maybe it's too supplistic  
But I know that I'll regret it if I pass it up or miss it  
Cause you're incredible, that's nothing new to you  
Not even sexual, but know what I would do to you  
I know it's probably previous drama that you have been  
through  
But what more can I do to get this true to you

[Hook] - 2X

[Verse 2]

I wish you could read my thoughts sometimes  
Cause my mouth fense to confuse the words in my  
mind  
Like how I feel for you, wrote a little song for you  
So you can sing along to and know that I thought of you  
When you're at work, I'll be on your mind  
Are you ever on mine ? All the time  
I can't even fight it

To tell you the truth, I'm rather excite it  
I ran home, grab my notebook strated to write it  
Cause it's so clear to me, when you're here with me  
All I wanna do is hug you, flow your body near to me  
This is how I wanna be, maybe growin' old with me  
I don't care if I'm 80 I'll serenade you with Jodeci  
It really doesn't matter what my friend think  
If it wasn't real I wouldn't waste the pen's ink  
Cause you're so beautiful, that's nothing new to you  
Be careful how I treat you and I'll always be true to you

[Hook] - 2X

[Verse 3]

I know you might be sceptical but stop you buggin'  
It's like Pete Rock and C.L. , lots of lovin'  
A perfect cemetery of life balancin' within the way  
First kiss, first date, cause Earth to shake  
And that's how I feel for you, I'm only bein' real with you  
I'ma stand beside you when noone else can deal with  
you  
You know that was written for you, even know I'm jokin'  
You're the first girl that had me really opened  
Cause you're perfect even if you ain't perfect,  
undestand ?  
I'm attempting to explain this the best way that I can  
A lot of people try to impress you and show off their  
surface  
But they're shallow, short-term and probably turn out  
worthless  
Versus me, cause I'ma do anything you want me to  
Just to be close to you, I'll expose my soul to you  
Sleep when I'm holdin' you, deep when I talk to you  
And sweet when I roll for you, but what do I gotta do...

[Hook] - 4X
