A young kid meaning to do no harm  
Was walking down the street but didn't get far  
There was a fight between the punks and the jocks  
They ran him down those ignorant fucks

One kid dies and a villain goes free  
What the fucks wrong with society  
Live in fear and with any luck  
We wont get hit by a fuckin truck

It's a shame what happened to Brian D  
Such a sad sad thing that had to be seen  
Shame what happened to Brian D

A good kids life is gone in a flash  
I didn't know this world was so fuckin bad  
Unity will work if we just give it a try  
But until that day more good people will die

One kid dies and a villain goes free  
What the fucks wrong with society  
Live in fear and with any luck  
We wont get hit by a fuckin truck

It's a shame what happened to Brian D  
Such a sad sad thing that had to be seen  
Shame what happened to Brian D
