With a gun to your head  
You still wouldn't change the way you are.  
And I can see your callous dreams are the reason for  
your greed  
They are all the same - always dying to attain success  
and wealthiness behind closed doors  
We All are fighting so hard to make you see  
That we all want more than your superficial dreams  
We are most mysterious creatures to kill for what we  
believe  
We all want more  
So wrap your arms around me tight  
I know it's hard for you to hear  
But failure is a just part of life - is harder than it seems  
Cause if we were meant to fly, why are wings so hard to  
come by  
So  
Close the door  
We All are fighting so hard to make you see  
That we all want more than your superficial dreams  
We are most mysterious creatures to kill for what we  
believe  
We all want more  
Left behind, life is so unkind  
Why even try

We All are fighting so hard to make you see  
We are most mysterious creatures to kill for what we  
believe  
We All will open our hearts and share our dreams

We All are fighting hard to make you see  
That we all want more than your superficial dreams  
We are most mysterious creatures to kill for what we  
believe

Cause' we all want,we all want,we all want more
