I thought I did what's right
I thought I had the answers
I thought I choose the surest road
But that road brought me here

So I put up a fight
And told you how to help me
Now just when I have given up
The truth is coming clear

Chorus
You know better then I
You know the way
I've let go, the need to know why
For You know better then I

If this has been a test
And faith has made it easy
To see the best thing I can do
Is put my trust in You

Chorus

I saw one cloud and thought it was a sky
I saw bird and thought that I could follow
But it was You who taught that bird to fly
If I let You reach me
Will You teach me

You know better then I
You know the way
I've let go, the need to know why
I take what answer, You supply
For You know better then I
