Me and my shadow he goes wherever I go  
My darker side sometimes chases me home  
Makes me feel guilty for things I'm forgiven of  
Says I'm unworthy while You say I'm loved  
Lest I forget it You have said it I believe

If I forget that You forgive  
Will that affect the way I live  
What I regret I won't relive  
I won't forget that You forgive me

He's my distraction 'cause He know my passion is You  
His broken record plays 'round and 'round inside my  
head  
He'd keep my own two eyes focused on pitiful me  
But I'll turn my heart in love toward the world instead  
Lest I forget it I'm forgiven and I'm free

If I forget that You forgive  
Will that affect the way I live  
What I regret I won't relive  
I won't forget that You forgive me

Well, I am living in the promise of a merciful place  
Where all my shame is gone  
I am living in the freedom of forgiveness and grace  
It's all I am counting on

If I forget that You forgive  
Will that affect the way I live  
What I regret I won't relive  
I won't forget the way I live, the way I live

I forget that Lord that You forgive me Lord  
Will that affect the way I live  
What I regret Lord I won't relive Lord  
I won't forget that You forgive me

I forget that Lord that You forgive me Lord  
Will that affect the way I live  
What I regret Lord I won't relive Lord  
I won't forget that You forgive me

I won't forget that You've forgiven me
