I can feel it comin' now, that same old pain
Tryin' to work me like a prisoner
Shackled bound and shamed

But in my soul I know
That You give me the strength
It takes to break these chains

I survive
Life keeps comin' at me
Doesn't break me
I'm never going down

Anytime
I need strength I know
You'll help me make it
I survive, I survive

Don't know what tomorrow brings
Don't wanna guess
But with You by my side
I know I can face any test

And so I'll honor You
By standing tall
And breathing in this love
That I've been blessed

I survive
Life keeps comin' at me
Doesn't break me
I'm never going down

Anytime
I need strength I know
You'll help me make it
I survive

That's my promise, won't compromise
You're the truth, that kills the lies
You put me through it , I'm not afraid
You rescue me, day by day

With You I can never fake it
Won't go down, You help me take it
Help me make it

I survive
Life keeps comin' at me
Doesn't break me
I'm never going down

Anytime
I need strength I know
You'll help me make it
I survive

I survive
Life keeps comin' at me
Doesn't break me
I'm never going down

Anytime
I need strength I know
You'll help me make it
I survive, I survive
