"My Oxygen"

I take each breath as if it is my first
I hold it there, so deep inside me
'Til I'm about to burst
I speak each word as if it is Your name

I move my lips, I see the whisper
Stir the gentle flame
Your heart beats and so does mine
Your love moves and I know, I'm alive

You are my oxygen
I breathe You in, I breathe You out
You are my oxygen, You are my love
You are what life's about

You are my oxygen
You are my oxygen
You are my oxygen
You are my oxygen

You are the breathe in my lungs
You are the life that I breath
Without You my life, Jesus
I would surely die
You are my oxygen

I take each breath as if it is my last
You never know what came so slowly
Could leave us oh, so fast
I take each step as if it is to You
I hear Your voice, I feel Your presence
In everything I do

My soul sleeps, Your love revives
Our hearts meet and I know I'm alive

You are my oxygen
I breathe You in, I breathe You out
You are my oxygen, You are my love
You are what life's about

I breathe You, I breathe You

I breathe You, I breathe You
Breathe You in, breathe You out
Breathe You in
Breathe You in, breathe You out

The air is thick, the flower sweet
The shadow comes down
Tonight the moon is at my feet
And I breathe You in, I breathe You in to me

I'm nobody without You
If You were not here, what would I do?

You are my oxygen
I breathe You in, oh I breathe You out
You are my oxygen, You are my love
You are what life's about

You are my oxygen
I breathe you in, oh I breathe you out
You are my oxygen, You are my love
You are what life's about

You are my oxygen
Breathe You in, breathe You out
You are my oxygen, You are my love
You are what life's about

You are my oxygen
I breathe You out
You are my oxygen, You are my love
You are what life's about
