

## Avalon "The Move"

Time is here  
Time is now  
I am listening to the welcome stirring sound  
Spirit's fire  
Raining down  
In a dry and barren land new life is found  
All around the world I see it coming  
Fanned by the rushing wind  
All around the world a nation's forming  
It's revolution whispering  
(Chorus:)  
Rising from the ashed is a flame  
A million hearts rekindled by the Name  
Looks like love's alive (The Move)  
Looks like hope's revived  
Rising from the ashes is a flame

Need to pray  
For the touch  
Knowing Heaven's hand will move us toward the flame  
of love  
All around the world I see it burning  
Fanned by the rushing wind  
All around the world see hearts returning  
A generation's born again  
(Chorus)  
Pray God will move you  
Pray God will touch you  
Pray for the strength to be weak  
Pray He will lead you  
Pray He will guide you  
Pray very hard for your peace
