Like finding the match when the lights go out
Like finding a raft when the ship's going down
That's how it was when You rescued my heart
You covered the dark with the light of Your love
It's so much more than anything I've felt before

It's unbelievable, all the things that You do
It's unexplainable, how Your love pulls me through
And I can't question, the one thing I've found to be true
It's undeniably You

Like finding a shelter in the pouring rain
Like finding your way when you're lost in a maze
That's how it was when You came in my life
I'll always be safe with You here by my side
It's so much more than anything I've felt before

It's unbelievable, all the things that You do
It's unexplainable, oh how Your love pulls me through
And I can't question the one thing I've found to be true
Oh yeah, it's undeniably You

When You reached out to me
You gave me the strength to hold on again
Oh, You're everything, everything
It's all I need, this love that You've given me, yeah

It's unbelievable
It's unexplainable
And I can't question the one thing I've found to be true

It's unbelievable
It's unexplainable
And I can't question the one thing I've found to be true
It's undeniably You

It's unbelievable
It's undeniably

It's unbelievable
It's unexplainable
It's unreliable

It's unbelievable
It's unexplainable
It's unreliable

Nobody like You, oh
Nobody, no where
Unbelievable You
