I want to live
Where they'll change what they have done
Yeah

I must die
Cold and shunned by the sun
Yeah

Why should I stay
Where there are people that hate
The things I need
And making me wait
Yeah

They will teach you the hows instead of the why's
They will turn your truth into lies

I feel like crying
When I'm groping for a way

To stop it from going
Cause I want it
Want it to stay
Yeah

They will teach you the hows instead of the why's
They will turn your truth into lies

I want to live
Try, look and understand
I needed you to take hold of my hand
And pull me up, yeah
I feel but I can't, yeah
(Yes I do)
I want to, I want to live
Yes, I want to live yeah, yeah
To feel and..
(I'm gonna lose it, yeah)
