Magic mirror on the wall
You've seen my reflection

Magic mirror on the wall
give me some direction

[interlude]

Magic mirror on the wall
You've seen my reflection

Magic mirror on the wall
give me some direction

[Interlude]

I got nobody to comfort me
I got nobody to comfort me
I got nobody to comfort me
gotta know your past

[interlude]

Magic mirror on the wall
You've seen my reflection

Magic mirror on the wall
give me some direction
