Welcome (x10)  
I need a scape  
Somewhere to go  
A new holiday  
A place we don't know  
I'm ready to go, go, go  
Don't you wanna go, go, go  
I feel a little down and I wanna fly  
Just a little down and I wanna fly  
Leave it all behind and say goodbye  
I wanna touch the sky so I can fly

I wanna fly, fly, fly, fly  
I wanna fly, fly, fly, fly, fly  
I wanna fly, fly, fly  
I wanna fly, fly, fly, fly, fly, fly, fly, fly, fly, fly, fly
