Dominus noster
Qui es in nostrum corpes
Inhumanes es infinitus nomen tuum
Cerathoa imbricata
Dicrocoelium dendriticum
Spinochordodes tellini
Taenia solium
Cymothoa exigua
Sacculina carcini
Tribuo nos is dies nostrum parum nex
Tribuo nos is dies nostrum parum nex
Disenchanted choirs of sickness
Sing to me from distant realms
Resonating voices speak to me with ancient wisdom
And evil tongues
Pro macies est regnum
Pro macies est vox
Quod pro macies est palma
Forem et forem
Ut supremis sic infamis
Ut supremis sic infamis
