The shorelines shake with our advancement  
Encroach the boundaries and break them  
The spoils of victory have left you dead  
And only flies will mourn you  
By every method bound  
And strangled to the ground  
Excision root and branch  
Life sources de-attached  
Merciless smoke them out from their hives  
Agonize harrow the scattered who remain  
Heartless annihilate all that draw breath  
Oblivion purge the trace of their names  
The punishment has been decided  
No clemency extends to you  
The opportunities provided  
For redemption are lost from you  
In error disconnect  
Catalyst from effect  
The signals you reject  
Sentence the world to death  
Merciless smoke them out from their hives  
Agonize harrow the scattered who remain  
Heartless annihilate all that draw breath  
Oblivion purge the trace of their names  
Omnivorous and unforgiving  
We arrive and leave none living  
Descendants of the wicked  
We gather in swarms  
To feed on the slaughter  
Of life in all it's forms  
Omnivorous and unforgiving  
We arrive and leave none living  
Omnivorous and unforgiving  
We arrive and leave none living  
Plague sickness beyond measure  
Pestilence tormenting epidemic  
Famine lethal deprivation  
Warfare harvest of division  
Destroy leave none living  
Destroy leave none living  
Destroy leave none living
