BOW DOWN! BOW DOWN!  
BOW DOWN! BOW DOWN!

She roams the skies on a starless night  
Ghosts among drones seeking the final solution  
Parasite sees and parasite knows  
She'll find you and she'll save us all  
It's war

BOW DOWN! BOW DOWN!  
WAR!  
BOW DOWN! BOW DOWN!

Stand up  
Raise your hands  
All hail the queen  
Get down  
On your knees  
All hail the queen

She flies with the lords on winds of the moon  
Her visions reaches furthest of all  
Whatever the cargo, the carriers will fail  
Whatever the cost, the hive must prevail

BOW DOWN! BOW DOWN!  
WAR!  
BOW DOWN! BOW DOWN!

Stand up  
Raise your hands  
All hail the queen  
Get down  
On your knees  
All hail the queen
