[feat. Jorn Lande]

I am the master of the game  
that s made a fool you  
I m watching from the highest tower  
You got the aura to enchant them - and a symphony  
And I have got the power

You better taste - they call it life: my special area  
I m breeding winners over there  
Ain't it a sin to turn your back  
on what you re given  
It s time to take your share

God left me for dead - I've been turning my head  
Away from the living - the time has come  
To gamble for gain - To tear down the gate  
And see what s inside

We rock the ball  
Been smashed to the ground  
Arose from devotion  
To take a look and see what is inside  
Sight of the crown: Another angel down  
We rock the ball  
I m facing my pain  
With a rage and a symphony  
Driven by the wounds I cannot hide  
Rise above the crowd: another angel down

We ll see a black hole will be left up in the starry sky  
We gotta mourn another angel  
If I am just a light descending to caducity  
It s still so far away

There s no tomorrow  
I don t remember yesterday  
I m just living for tonight  
And all the love I m not gonna waste no more  
I won t spit what s divine

They left you for dead - turning your head

Away from the living - from flesh and blood  
You've got the draw and desire to claw  
For fortune and fame

We rock the ball  
Been smashed to the ground  
Arose from devotion  
To take a look and see what is inside  
Sight of the crown: Another angel down  
We rock the ball  
I m facing my pain  
With a rage and a symphony  
Driven by the wounds I cannot hide  
Rise above the crowd: another angel down
