I remember it was long ago  
But when I think of her I feel it grow  
Something begs me to come home again  
Something I can hardly stand

But I'm to defy, I have to ignore her cry  
Oh, don't know what to do, I'm missing you so bad

Waiting for tomorrow for a little ray of light  
Waiting for tomorrow, just to see your smile again  
Take away my sorrow from a blistered heart of mine  
Where are you now if you are there anywhere?

Please forgive me for how I decide  
But much before I can come with rapid strides  
Don't expect you'll have to understand  
Jakob needs my helping hand

First I have to go one out of two ways  
Which both are wrong and I'm to go  
So afraid, so ashamed  
So deranged but I know

Waiting for tomorrow for a little ray of light  
Waiting for tomorrow, just to see your smile again  
Take away my sorrow from a blistered heart of mine  
Where are you now if you are there anywhere?

Waiting for tomorrow for a little ray of light  
Waiting for tomorrow, just to see your smile again  
Take away my sorrow from a blistered heart of mine  
Where are you now if you are there anywhere?

Waiting for tomorrow for a little ray of light  
(I can't wait for you)  
Waiting for tomorrow, just to see your smile again  
Take away my sorrow from a blistered heart of mine  
Where are you now if you are there anywhere?  
Are you there?

Waiting for tomorrow for a little ray of light  
Waiting for tomorrow, just to see your smile again

Take away my sorrow from a blistered heart of mine  
Where are you now if you are there anywhere?
