Like a Wheel i keep on turning
Straight ahead it's got me burning:
The melody - the dignity
Something is speaking to me
Night is Cold and my Soul is Battered
Not afraid for the First time now that i realize
We Coincide I'll never belong to the Tribe

And a Song is calling me to the ship of Fools

Been dying for a sign
When faith has been on the line
When you find your love on wasted Grounds
You're taking to the Sound
its Shelter from the Rain

No return from the way i've Chosen
Cast away - chasing Rainbows - condemn the lie
And how could i make god believe i am blind
We create by Intuition
Call it Fate - The Tounge of Angels in our Soul
Feel it Resound and carry you over the Grind

All thats left is a song giving shelter from the Rain

Been dying for a sign
When faith has been on the line
When i find my love on wasted Grounds
I'm taking to the Sound
it's Shelter from the Rain

It's a dark and stormy Night
Ain't it Funny what it takes to read the signs
But i am always there
I am the Footprints to your right

Man overlooks when riding high
Young and Blind

In your Darkest lonely Night
heed a Voice to take you Higher
Take you Higher

As you stumble through the Ruins
Let the spirit take you higher
And a song

Oh, and a Song
I can hear a Song

Been dying for a sign
When faith has been on the line
When i find my love on wasted Grounds
I'm taking to the Sound
it's Shelter from the Rain (x2)
