Wondering if would, into nowhere  
just another winters night  
and i don't feel gravity anymore!

You never lie, never cry,  
never talk beyond of dreams  
and the dream is what remains

Tell me don't you're  
say won't anything  
when you look into mirror  
you're stunning away  
like candle burning down

Miles away, Miles away  
you've been cutting of the row  
letting row unloosing ground

And I wonder who's to blame  
as I am sleepwalking the rain  
It's now, It's now  
selling victory over gravity  
And I'm sleepwalking the rain

Winter's gone, far and while  
gaving in on you and me  
like the bridle, wall  
the emerald rules

The hollow fame and dying dreams  
The live reach out full  
petrified I wanna love  
theres a frozen river flow

And I wonder who's to blame  
as I am sleepwalking the rain  
It's now, It's now  
selling victory over gravity  
And I'm sleepwalking the rain

And I wonder who's to blame

as I am sleepwalking the rain  
It's now, It's now  
selling victory over gravity  
And I'm sleepwalking the rain
