THE CALLING

I see the road, yeah it's dark
I see your suffering and... (Despite all this)
I feel you closing in on me
Despite all this, I feel you closing in on me
This is for me and you, please don't make me choose
I swear I'll make it worth it
(Oh God) Where should it go?
Am I to look at you (At you), or fight all this
Oh god where should I go, Am I to look to you
I have nowhere to run
I don't know where to go, it seems I, it seems I've
lost my course
The stars are signaling me, towards another city, to
another town to tell me how

(God) Am I wasting time?
(God) Should I back down?
(Don't) Let me fall behind
Oh!
(We rise) We rise in time
(We rise) We rise in time
Despite all this, I feel you closer now
But all of this, it makes me wonder how
Despite all this (Despite all this), I feel you closer now
But all of this (But all of this), It makes me wonder how
The stars are signaling me, towards another city, to
another town to tell me how
We Rise, rise, in time, we rise, ascend to light, we rise,
we rise
