

Apollyon "Memento Mori"

Visit "[Memento Mori](#)" on MotoLyrics.com

I gaze at the gray sunless sky
I feel the pain as Iâ€™m about to die
To my grave I go
To the pits of hell I shall flow
My funeral march is crossing the cemetery slowly
In the background lies the church so sad and lonely

Strange things in the world of darkness Iâ€™ll see
Just like a nightmare itâ€™ll be
I am far below the ground
By chains in hell I have been bound

I am hellbound

Memento mori
Mors ultima ratio
Memento mori
Requiâ€™ escat in pace
