Your eyes they tell me something  
I heard a rumor saying you're alone again  
On your own again

That really got me thinking  
I know that you're looking for love but maybe  
Until then you just need a friend

We don't have to tell nobody  
Our secret safe don't worry  
No string no complication  
It's just a win-win situation

Don't stop don't resist  
Cause you and I can coexist  
When the lights go out [3x]  
Reach out take a risk  
And be my friend with benefits  
When the lights go out [3x]

Go separate ways when leaving  
Both know when later you'll be home with me  
Be alone with me yeah  
No heart that we're deceiving  
No harm in what we're feeling  
As long as we don't think of what could be

We don't have to tell nobody  
Our secret safe don't worry  
No string no complication  
It's just a win-win situation

Don't stop don't resist  
Cause you and I can coexist  
When the lights go out [3x]  
Reach out take a risk  
And be my friend with benefits  
When the lights go out [3x]

Go out go out

Don't stop don't resist  
Cause you and I can coexist  
When the lights go out [3x]  
Reach out take a risk  
And be my friend with benefits  
When the lights go out [3x]
