Believe in your heart
No matter what the people might say
The chance you take
Could take you to the top

Listen up
You know you gotta throw your fear away
Together we can make it
Shake it up, baby

Hear the voices rock the nation
A calling to the skies
I can see eternity is in your eyes

Come on everybody there's a party to go to
They're holding out for you
With every chance you take, a change you make
The start of something new

All around the world they are singing
Calling to the beginning
Oh, oh, oh, celebrate our love
People with imagination
Everywhere a celebration
Oh, oh, oh, celebrate our love

Good to be free
Living out our own destiny
The best will last forever
Never stop

Gotta move
You know we gotta groove into the light
Tonight will be the night that we're breaking it up
Break it down, baby

Hear the voices rock the nation
A calling to the skies
I can see eternity is in your eyes

Come on everybody there's a party to go to
They're holding out for you

With every chance you take, a change you make
The start of something new

All around the world they are singing
Calling to the beginning
Oh, oh, oh, celebrate our love
People with imagination
Everywhere a celebration
Oh, oh, oh, celebrate our love

Oh oh, oh oh
Na, na, na, na, na
Oh, oh, oh, oh
Celebrate our love

Let the rhythm take control
Feel the fire burn within your soul
There's a magic in your eyes
Forever we can take the music through the night

All around the world they are singing
Calling to the beginning
Oh, oh, oh, celebrate our love
People with imagination
Everywhere a celebration
Oh, oh, oh, celebrate our love

All around the world they are singing
Calling to the beginning
Oh, oh, oh, celebrate our love
People with imagination
Everywhere a celebration
Oh, oh, oh, celebrate our love

All around the world they are singing
Calling to the beginning
Oh, oh, oh, celebrate our love
People with imagination
Everywhere a celebration
Oh, oh, oh, celebrate our love
