Crazy

The crazy things I heard you say Iâ€™m mad about you
all the same
I never really saw the crime Yet went ahead and served
my time
I never met someone like you before But sometimes
that is not enough
Cuz I canâ€™t help just feeling

I must be crazy for leaving you Must be crazy for
feeling blue
But my heart lately has been untrue I must be crazy,
crazy for leaving you
I will regret this chosen mind I never wanna see you cry

I care about u endlessly u deserve a deeper love than
me
I donâ€™t know if Iâ€™ll make it on my own But I tried so
hard to let it go
And I canâ€™t hide this feeling

And I know that I will miss you like a fool But thereâ€™s
something in my life
And I canâ€™t hide this feeling I must be crazy for
leaving you
Must be crazy for feeling blue But my heart lately has
been untrue
I must be crazy, crazy, crazy for leaving you
