The crazy things I heard you say  
I'm mad about you all the same  
I never really saw the crime  
Yet went ahead and served my time  
I never met someone like you before

But sometimes that is not enough  
'Cause I can't help just feeling

I must be crazy for leaving you  
Must be crazy for feeling blue  
But my heart lately has been untrue  
I must be crazy, crazy for leaving you

I will regret this chosen mind  
I never wanna see you cry  
I care about you endlessly  
You deserve a deeper love than me  
I don't know if I'll make it on my own

But I tried so hard to let it go  
And I can't hide this feeling

I must be crazy for leaving you  
Must be crazy for feeling blue  
But my heart lately has been untrue  
I must be crazy, crazy, crazy for leaving you

And I know that I will miss you like a fool  
But there's something is in my life  
And I can't hide this feeling

I must be crazy for leaving you  
Must be crazy for feeling blue  
But my heart lately has been untrue  
I must be crazy, crazy, crazy for leaving you
