I can feel that the wheels in motion  
In this life, in this song, time and again  
Looking back there's a new reflection  
Now I know what you give is what you get

In the end it's all or nothing  
And I feel I'm ready now  
So I try to be the answer  
Cause I don't wanna lose you  
again

Now I bet that your ears are burning  
With three words on the tip of my tongue  
I just hope that your heart is open  
So that I can undo what I've done

In the end it's all or nothing  
And I feel I'm ready now  
So I try to be the answer  
Cause I don't wanna lose you  
again

Like a star, it's so hard to reach you  
Not enough just to call you a friend  
And I know that I don't deserve you  
But I don't wanna lose you again, oh

In the end it's all or nothing  
And I feel I'm ready now  
So I try to be the answer  
Cause I don't wanna lose you  
again  
No, I don't wanna lose you again
