I Got Sunshine

Intro: [(Sunshine) Feels so good on an easy groove,
groove

Just relax (sunshine) 'cos it feels so free to do, to do--I
got sunshine]

I feel good today--kinda funny in a special way, can't
quite explain

Can't seem to get this smile off my face (smile off my
face)

Saw your lonely night--everything's gonna be alright,
but right now I'm gettin'
out, steppin' out in the light (ah, ah, ah, ah)

I've got high emotion and it's, all for you--got this,
crazy notion that you
feel the same way too

Got my dreams in motion and a sky so blue, and I, I
don't think it's gonna rain
today--are you coming out to play?

Chorus: I got sunshine in my life and it shines so bright

And I feel so high, I can reach the sky 'cos I got
sunshine--oh yeah, I got
sunshine

Got things to do, got plans to make for me and you
'cos it's always cool

To find out there's something new (goin' down)

Goin' down tonight (tonight), gonna dance, gonna feel
alright--but right now
I'm gettin' out, steppin' out in the light (ah, ah, ah, ah)

I've got high emotion and it's all for you--got this crazy

notion that you feel
the same way too
Got my dreams in motion and a sky so blue and I, I
don't think it's gonna rain
today--are you coming out to play?

Chorus

(Ah, ah) Sunshine, feels so good--bringing out the vibe
to the neighbourhood

So lay right back, back for an easy groove, groove--into
the boogie like you
already should

Just relax (sunshine) and let it flow right through ya 'cos
it feels so free to
do, to do

My head's trippin' 'cos I know you're mine--I got
sunshine, I got sunshine

(Oh... sunshine) Got sweet sunlight (alright) and it
shines so bright

(Sunshine) Yeah, I feel so high (alright, yeah) I can
reach the sky

(Sunshine) 'Cos me and you (alright) found something
new (sunshine) It's a
dream come true so I (I...)

Chorus x2

'Cos I got sunshine (I got sunshine) Oh, oh, oh, yeah,
'cos I got sunshine (I
got sunshine)

Oh...baby, I've got sunshine
