I'm tired of fighting, got a fever when you try to get out
(Out, out, out)

I've tried but I can't understand what all the fuss is
about

I wish that I could be the man that you wanted me to be
I need you to see

I try and I try, yet I can't seem to fly
My soul full of pain when you cry
I wish I was perfect and God knows I try
But everything I do just tears your heart in two
I wonder why

I never thought that being lovers meant that we can't
be friends
If only I could understand what makes you stay
And stop breaking free from me
I wonder why

I try and I try, yet I can't seem to fly
My soul full of pain when you cry
I wish I was perfect and God knows I try
But everything I do just tears your heart in two
I wonder why

Can't you see It's killing me?
It's not the way things used to be
Can you remember yesterday?
We used to smile without a care
Whenever you and I were near
Can't you see that I wanna be with you?

Oh baby
Oh, oh, oh, everything I do, tears your heart in two

I try and I try, yet I can't seem to fly
My soul full of pain when you cry
I wish I was perfect and God knows I try
But everything I do just tears your heart in two
I wonder why

I try and I try, yet I can't seem to fly

My soul full of pain when you cry
I wish I was perfect and God knows I try
But everything I do just tears your heart in two
I wonder why

I try and I try, yet I can't seem to fly
My soul full of pain when you cry
I wish I was perfect and God knows I try
But everything I do just tears your heart in two
I wonder why
