You say you're gonna work it out  
But then you say you're having doubts.  
Telling me you'll walk away but then you'll go and stay  
You're calling me day and night  
Saying he don't treat you right.  
Then you always turn around and give him one more  
try

Baby you know it isn't fair  
You expect me to be there  
But we never get nowhere

[Chorus]

I've got one foot out the door  
I don't wanna hear 'bout him no more  
I'll make a long story short  
Time to make up your mind girl  
No more back and forth  
I don't wanna here 'bout him no more  
If I'm not what you want  
I don't wanna here no more

Stop telling me you need more time  
Tired of the same old line.  
Better make a move or you are gonna find  
I ain't taking it  
Cos you know it's wrong  
Better let him know it's time too go your moving on  
Baby you don't know how close I am to being gone  
Waited on you long enough  
I can only take so much  
Tell me if I have you heart  
Who do you really love?

Baby you know it isn't fair  
You send me to be there  
But we never get nowhere

[Chorus]

(All)

I don't wanna here no more

If you're sure that you really love me  
I don't wanna here no more  
Out the door if you still don't know  
I've been there for you  
And you know it's true  
You belong with me  
What you gonna do  
I don't wanna here no more

[Chorus]
