## "One In Love"

Have you seen your sunset  
Fade beneath a raincloud  
Have you ever chased your dreams away  
Did you ever think that  
Life was just a highway  
A never ending road of lonely days

There are times we cry  
And reach out to the sky  
For the strength we need  
To hold our head up high

All we have to do now  
Is love one another  
Sisters and brothers  
Can all live as one  
And all we have to do now  
Is show one another  
We all need each other  
To love as one in love

Have you seen a sunrise  
Promising you daylight  
When all you need is shelter from the storm  
Have you ever felt that  
Love was just an island  
You can't survive on love all on your own  
There are times when I  
Need to reach inside  
For the strength I need  
To hold my head up high

All we have to do now  
Is love one another  
Sisters and brothers  
Can all live as one  
And all we have to do now  
Is show one another  
We all need each other  
To love as one in love

If we push aside the blame

For the tears and the pain  
You know love can reign  
And the world will smile again

If we push aside the blame  
For the tears and the pain  
You know love can reign  
And the world will smile again
