Don't speak, seal your lips.
Please don't say a word, maybe I won't remember the
words I have not heard.
I see that you're in love, I know it's not with me.
But I don't want the truth to haunt my memory.

Pre-Chorus:

It's never too late to relight the fire
It's never stopped burning for me.
The flame, it never died inside of me.

Chorus:

How is it now that I can tell you I love you
How is it only now that it's too late.
What can I do?
The love that we had is torn in two.
So you take the smiles from all of our years.
I'll take the tears.

I sit and reminisce of times that we once shared.
You gave me more than love. But never thought I
cared.
My feelings were all for you.
Although it didn't show.
I only told you on the day you let me to go.

Pre-Chorus

Chorus

Now I realize that you're no longer mine.
But I'm hoping that the pain will ease in time.
Although you're leaving, I won't say goodbye.
Because I know you're here with me inside.

Chorus
