You and me
We sit and talk of friendship than I ask
If you can see
If we could be together forever
I see the light die in your eyes
Cause you're scared you'll hurt
So you don't want to try

Well take a chance and come home with me
You could stay for eternity
If you try then at least you'll see
Then you'll never regret the things we never did

You turn to me, I see your eyes
And somehow they cease to shine
You smile at me
Yet I can see you don't think we can make it
You see the light die in my eyes
Cause I'm scared to lose you
I wish you would try

Well take a chance and come home with me
You could stay for eternity
If you try then at least you'll see
Then you'll never regret the things we never did

I see the light die in you eyes
Cause you're scared you'll hurt
So you don't want to try

Well take a chance and come home with me
You could stay for eternity
If you try then at least you'll see
Then you'll never regret the things we never did
