Wherever we go, same old story
Say you can't take no more and you wanna go home
I give up, I don't know, just how to keep going
When I see tears roll down your face, oh no

Oh, you got me going 'round and 'round
Yeah, you got my life and turned it upside down

You make it going 'round and 'round in circles
Going down, down, down
We keep talking 'bout the same old things
We keep covering the same old ground
Yeah, we keep going around and I got to get out
This ain't what love is about

The clocks keep on turning
The days come and go
I think of you and know
I can't let your memory go

Oh, you got me, help me off the ground
Yeah, you got my life and turned it upside down

You make it going 'round and 'round in circles
Going down, down, down
We keep talking 'bout the same old things
We keep covering the same old ground
Yeah, we keep going around and I got to get out
This ain't what love is about
This ain't what love is about

There's one way to cross this river
But I don't know if I can deliver
I feel broke, I'm down on my knees
We can't go on like this

Yeah, we keep going 'round and 'round in circles
Going down, down, down
We keep on talking 'bout the same old things
We keep covering the same old ground

Yeah, we keep going 'round and 'round in circles

Going down, down, down
We keep on talking 'bout the same old things
We keep covering the same old ground

Yeah, we keep going 'round and 'round
Got to get out, down, down, down
This ain't what love is all about
The same old things, the same old things
This ain't what love is all about

'Round and 'round, down, down ,down
This ain't what love is about
The same old things, the same old things
Oh, girl

'Round and 'round
Got to get out
