I
I sit and wonder why
I look through others eyes
And not just through my own
No, it's not a surprise
I know I'm living lies
I need to tell the truth to you

I don't love you
I guess we're through
And sorry just won't do
And I will say
You'll be okay
You'll be okay

Sit straight, back straight
Trying to stand taller now
Can't seem to meet the height
Oh no, oh no
You're too short to ride
Too short to ride

You
You play your favorite songs
And I have heard them all
But I can't find the words
To let you know that I
I think we're wasting time
And it's round and round I go with you

I don't love you
I guess we're through
And sorry just won't do
And I will say
You'll be okay
You'll be okay

Sit straight, back straight
Trying to stand taller now
Can't seem to meet the height
Oh no, oh no
You're too short to ride

Too short to ride (x2)

[Guitar Solo]

Sit straight, back straight
Trying to stand taller now
Can't seem to meet the height
Oh no, oh no
You're too short to ride
Too short to ride (x2)

Too short to ride
