Your smile
Gets me every
Single time i see you
Your eyes take me away
I dont really know
What this is gonna lead to
But its like im floating in space
You take me somewhere
That i've never been before
Theres a whole new place waiting
When you open up the door

Your out of this world
I knew that u could make it
Didnt have to fake it
Your never coming down
Your out of this world
Cant get any better
Gonna last forever
Keep your head up
And dont look down
Your out of this world
Out of this world
Your out of this woorrld
Out of this world

the stars
like diamonds up above the headtop fallin
i know
that wishes come true
(out of this world)
your voice
across the universe
you were calling
that girl saw from out of the blue
We're flyin' so high
we're almost at the top
but as long as we're together
I never wanna stop

Your out of this world
I knew that u could make it

Didn't have to fake it
Your never coming down
Your out of this world
Can't get any better
Gonna last forever
Keep your head up
And don't look down
Your out of this world
Out of this world
Your out of this woorld
Out of this world

Your out of this world!
Your out of this world!
Your out of this world!
Out of this world
Your out of this woooooooooorld!
Oh yeah, yeah

So many dreams to fly to
And I'll be right beside you
We're getting closer to the sun
We'll let the moon astound us
A million stars surround us
Wishing on each one

So many dreams to fly to
And I'll be right beside you
We're getting closer to the sun
We'll let the moon astound us
A million stars surround us
Wishing on each one (Wishing upon a star)

Your out of this world (Out of this world)
I knew that u could make it (Oh woah)
Didn't have to fake it (Oh woah)
Your never coming down (You're out of this world!)
Your out of this world (Ohhhhhh oooohhohoh)
Can't get any better
Gonna last forever (So)
Keep your head up (Keep your head up)
And don't look down (Don't look back)
Your out of this world (Ohhhhhhhhhhhhhhhhh)
Out of this world (Oh woah, oh woah)
Your out of this woorld (Yeah!)
Out of this world (Oh woah, oh whoa)

Your out of this world (Yeah, yeah)
I knew that u could make it
Didn't have to fake it (Take me somewhere new)
Your never coming down

Your out of this world
Can't get any better (For us)
Gonna last forever (Forever)
Keep your head up (Ohhhhhhhh wooahohohoooh)
And dont look down
Your out of this world (Oh baby, take me somewhere
new)
Out of this world (Oh woah, oh woah)
Your out of this woorld (Oh baby, we'll fly to the sky)
Out of this world (Oh woah, oh whoa)
