You gave so much
It's time to see
A better way
Give in, be still
Right beside me
Just feel the change
Lift you up and
Carry you away

When I'm with you I'm home
Time just stands still
And everything fades away
I look into your eyes and I know
I know how it feels
To be afraid
It's easier to walk away

Give up, give down
It's never easy
Let go of the energy
Like now, it's away
Nothing more to say
Just feel the change
Something got me
And carried me away

When I'm with you I'm home
Time just stands still
And everything fades away
I look in your eyes and I know
I know how it feels
To be afraid
It's easier to walk away

I want to always be with yoooooooouuuuuu
Been a long time since I felt anything
(We'll be together)
Been a long time since I felt anything
(We'll be together)
(Oh baby, baby)
Been a long time since I felt anything

(It's been a long time)
(We'll be together)
(As I can be)
Been a long time since I felt anything
(Ooh whoa, yeah)
(We'll be together)
(It's easier to walk away)
(Wanna always be with you)
I want to always be with yooooooooouuuu

When I'm with you I'm home
Time just stands still
And everything fades away
I look in your eyes and I know
I know how it feels
To be afraid
It's easier to walk away

Been a long time since I felt anything
