[l/m:Salles]

I've lost all of my hope  
You can't say that I haven't tried  
I still feel your love  
This must be all that I've got

I've learnt so much with you  
I know how I'm gonna take it  
Please don't leave me now  
Hear me, stay a little longer

After dark you're close to me  
You are an angel as I can see  
Another day by your side  
Is enough for me to die in peace  
I live in sadness  
You are the dark

I live in sadness  
You are my darkness  
I see you before I die
