Didn't I swear and
Didn't I fall for love.
Di da di da di da di da yeah!
Let's fight for love again

Didn't I swear and
Didn't I fall for love.
Didn't I - fall for love
Di da di da di da di da yeah!
Fall for love
Let's fight for love again.

Didn't I swear and
Didn't I fall for love.
Didn't I - fall for love
Di da di da di da di da yeah!
Fall for love
Let's fight for love again.

Every little problem has it's way out baby,
Anything can happen if you don't take care.
Don't you know we gonna sort everything together,
Anything can happen if you don't prepare.

I saw it comming from deep inside,
Ooh
Will be crawling from your high.

Didn't I swear and
Didn't I fall for love.
Didn't I - fall for love
Di da di da di da di da yeah!
Fight for love again
Let's fight for love again.

Couldn't you feel it now,
Couldn't you heal it baby
On and on I still be thinking

Didn't I swear and
Didn't I fall for love.
Didn't I - fall for love
Di da di da di da di da yeah!

Nothing gonna chance the way I feel about you,
Hope and pray - just one day love grow strong.
Nothing gotta turn out just the way you want it,
I know what's up but baby don't get me wrong.

I saw it comming from deep inside,
Ooh
Will be crawling from your high.

Didn't I swear and
Didn't I fall for love.
Didn't I -
Haey ad I'd ad I'd ad I'd ad id
Fight for love again
Let's fight for love again.
Couldn't you feel it now,
Couldn't you heel it baby
On and on I still be thinking.
