We dreamed a dream,
Woke up and lived it.
We had the music in our hands.
The drops of rain,
Became a river.
And now it's time to end this dance.

So thank you.

My mamma said
That the best thing in life was getting me and lovin'
Somebody higher than anything else in this world baby.
My mamma said
She would give her life up for me.

My mamma said,
My mamma said,
My, my mamma, ma.

My mamma said that
The worst thing in life is getting used to lovin'
Somebody higher than anything else in this world baby.
Knowing you're going to,
Knowing you're going to lose it all.

Mamma don't leave,
Don't go, don't run,
Don't hide, don't cry,
Don't ever feel scared now.
Mamma just crossed,
Just crossed to the parallel world.
She crossed,
She crossed to the multiverse.
Circling protons,
All vibrations.
Circling neutrons,
All vibrations.
Mamma just crossed,
Just crossed to the parallel world.
She crossed,
She crossed to the multiverse.

And now you're lying there,
Taking your last breath.
I'm holding back the tears.
Oh mamma don't die.

My mamma said
That the best thing in life was getting me and lovin'
Somebody higher than anything else in this world baby.
My mamma said
She would give her life up for me.

My mamma said,
My mamma said,
My, my mamma, ma.

My mamma said that
The worst thing in life is getting used to lovin'
Somebody higher than anything else in this world baby.
Knowing you're going to,
Knowing you're going to lose it all.

My mamma said,
My mamma said.
My mamma said,
My mamma said.

Mamma hold on,
Give in, let go,
Release yourself
From everything out there.
Mamma just crossed,
Just crossed to the parallel world.
She crossed,
She crossed to the multiverse.
Circling electrons,
All vibrations.
Circling electrons,
All vibrations.
Mamma just crossed,
Just crossed to the parallel world.
She crossed,
She crossed to the multiverse.

And now you're lying there,
Taking your last breath.
I'm holding back the tears.
Oh mamma don't die.

My mamma said
That the best thing in life was getting me and lovin'

Somebody higher than anything else in this world baby.
My mamma said
She would give her life up for me.

My mamma said,
My mamma said,
My, my mamma, ma.

My mamma said,
My mamma said,
My, my mamma, ma.

My mamma said,
My mamma said.
