Hey you, what d'you want from me now?
I know why you're here and how
Take it down to the ground
I'm not gonna leave you baby, dump that sound

Hey now, what are you looking for?
Just don't know, why your drooling joe?
Frisky lady, can't you see?
We're living in the name of destiny

We're gonna dance until we're ready to fight (Come on)
A new vibration's gonna get me so high (Come on)

I can see what you're thinking babe
I can see what's behind those eyes
The way you touch, the way you look
You are the devil baby, I'm the goosebump

Come and get it
Come and get it
Come and get it
(I know that you want it)

Come and get it
Come and get it
Come and get it
(I know that you want it)

'Cause I know what you looking for
You ain't never have to search no more

Come and get it
Come and get it
Come and get it
(I know that you want it)

Give it to me now
Give it to me now
We both know, you know that you want it
Give it to me now
Give it to me now
You don't know, you know that you got it

Hey girl, tell me why you're here
What's that power on your atmosphere?
My mind is loose, it's up to you
It's definitely baby, coming through

I see the way you like that chance
Expect keep in mind that you touched my pants
Settle down, when the sun comes up
We've got less time baby, you can't stop

We're gonna dance until we're ready to fight (Come on)
A new vibration's gonna get you so high (Come on)

I can see what you're thinking babe
I can see what's behind those eyes
The way you touch, the way you look
You are the devil baby, I'm the goosebump

Come and get it
Come and get it
Come and get it
(I know that you want it)

Come and get it
Come and get it
Come and get it
(I know that you want it)

'Cause I know what you looking for
You ain't never have to search no more

Come and get it
Come and get it
Come and get it
(I know that you want it)

Give it to me now
Give it to me now
You don't know, you know that you want it
Give it to me now
Give it to me now
We both know, you know that I got it

Give it to me now
Give it to me now
We both know, you know that you want it
Give it to me now
Give it to me now
You don't know, you know that you got it

Now let's get started baby, give it to, give it to me
We got it going on so set yourself, set yourself free
Now let's get started baby, give it to, give it to me
We got it going on so set yourself, set yourself free

Come and get it
Come and get it
Come and get it
I know that you want it

Give it to me now
Give it to me now
(You know that you want it)
Give it to me now
Give it to me now
She don't know, she know that I got it

Give it to me now
Give it to me now
She don't know, she know that I want it
Give it to me now
Give it to me now
She don't know, she know that I got it
